Mount carmel school

## Profile

I am a self-motivated undergraduate student pursuing Computer Science Engineering at Symbiosis Institute of Technology, Nagpur.

I have a strong interest in coding, technology, and problem-solving.

I enjoy learning new concepts and applying them through practical work.

I am focused on improving my technical and analytical skills.

I aspire to grow into a skilled professional in the field of computer science.

## Projects

Creator of the Evora website, focused on delivering a clean, user-friendly platform for E-Cell.
